

The indications are that it will be fair tonight. Sunday fair and somewhat warmer; light easterly winds.

ESTABLISHED 1878

LOWELL, MASS. SATURDAY AUGUST 25 1906

PRICE ONE CENT

INJUNCTION CASE LOWELL BOY A HERO

On Matter of Rebuilding Huntington Hall

Judge Loring Issues Order for Hearing Next Tuesday on Charles Cowley's Petition to Restrain City From Proceeding Under the Huntington Hall Ordinance

Lawyer Charles Cowley appeared before Judge Loring in the supreme judicial court yesterday with a petition from Andrew C. Wheelock and others asking an injunction restraining the city from proceeding with the rebuilding of Huntington hall as provided for under an ordinance drafted by the city council last May.

Judge Loring issued the following order in relation to the matter:

Commonwealth of Massachusetts, Middlesex ss.

Supreme Judicial Court.

August 24, 1906.

In the matter of the complaint of Andrew C. Wheelock, Charles Cowley, Martin D. Sullivan, Isaac Laporte, John Kearney, John J. Doherty, John L. Miller, Alden A. Coker, Clark M. Langley, Simon A. Cavanaugh and Dennis A. Sullivan, all of Lowell, in said county vs. the City of Lowell, in said county, and Andrew G. Stiles, city treasurer of said city of Lowell, city of Lowell, in said county.

It is ordered that the complainants notify the respondents to appear before said court at the court house in Boston, in the county of Suffolk, on Tuesday, the 28th day of August, 1906, at 9 o'clock a.m., by causing an attested copy of this order to be served upon said respondents forthwith that they may then and there show cause.

It is ordered that the complainants notify the respondents to appear before said court at the court house in Boston, in the county of Suffolk, on Tuesday, the 28th day of August, 1906, at 9 o'clock a.m., by causing an attested copy of this order to be served upon said respondents forthwith that they may then and there show cause.

It is ordered that the complainants notify the respondents to appear before said court at the court house in Boston, in the county of Suffolk, on Tuesday, the 28th day of August, 1906, at 9 o'clock a.m., by causing an attested copy of this order to be served upon said respondents forthwith that they may then and there show cause.

It is ordered that the complainants notify the respondents to appear before said court at the court house in Boston, in the county of Suffolk, on Tuesday, the 28th day of August, 1906, at 9 o'clock a.m., by causing an attested copy of this order to be served upon said respondents forthwith that they may then and there show cause.

It is ordered that the complainants notify the respondents to appear before said court at the court house in Boston, in the county of Suffolk, on Tuesday, the 28th day of August, 1906, at 9 o'clock a.m., by causing an attested copy of this order to be served upon said respondents forthwith that they may then and there show cause.

NEWELL S. GILMAN, OF THE LOWELL HIGH SCHOOL.

CLEARY'S DENIAL Saved a Man's Life at Old Orchard

Says He Was Not Sued

For \$25,000

HOLYOKE, Aug. 25.—Thomas M. Cleary, a wealthy wholesale liquor dealer, denies the report that he has been sued for \$25,000 by Mrs. Lucie Schellie Warren of New York in an action for breach of promise. He left for New York yesterday afternoon to investigate the report.

FUNERALS

BLANCHARD—The funeral of Mrs. Sarah E. Blanchard was held yesterday afternoon at 1:30 from her late home in Central square, and was largely attended by friends and relatives. The services were conducted by Rev. C. H. Ellis, pastor of the Baptist church. There were very many beautiful flowers, deeply expressive of sincere sympathy.

A selection was sung by a quartet during a short service held at the cemetery. The bearers were D. H. Meade, W. A. Newell, Arthur Wells and Myron Buck. Burial was in the family lot at Carlisle, in charge of Undertaker Perham.

SPROUT—The funeral of Mrs. Margaret J. Sprout took place Thursday at 2 o'clock from the home of her daughter, Mrs. Frank K. Marshall, 75 Warwick street. Services were conducted by Rev. A. E. Wilson, formerly of Lowell, and selections were sung by Mrs. Jenkins. The bearers were Frank K. Marshall, Alvin Bandy, G. H. Sprout and R. J. Sprout. Burial was in the Edison cemetery, C. M. Young & Co. in charge.

PROYER—The funeral of Frederic Proyer took place yesterday from his home, 12 Seventh street. Funeral services were held at St. Louis church, Rev. Fr. Jacques officiating. The bearers were Napoleon Proyer, Joseph Rhoads, Paul Proyer, Leroy Downs. Burial was in St. Joseph's cemetery, Rev. Fr. Jacques reading the committal prayer at the grave. Undertaker Archambault had charge.

BU-LAX
TRADE-MARK
This is the Bottle

Just as it looks except that the seal on top of the bottle is red and the shield on the label is printed in red.

BU-LAX

Is a sure, safe and natural remedy for all ailments of the stomach and bowels. It has been prescribed by physicians for fifteen years in New England for constipation and indigestion, and there is no similar remedy, none "just as good." You will be wise to insist on having **BU-LAX** and nothing else.

Trial Package 25c

"Book on Constipation" free, Bulax Laboratory Co., Lynn, Mass.

Newell S. Gilman, the youngest son of Mr. and Mrs. Walter H. Gilman of 25 Fourth street, saved a man named Mordock from drowning at Old Orchard beach Thursday. While the unfortunate man was nearly dead when brought to the shore the physician who was summoned worked over Mordock for half an hour before restoring him to consciousness.

The Gilman boy was exhausted from battling with the waves, which ran high, and the undertow which was very strong. He is 19 years of age, a pupil of the Lowell high school, and this is the third time he has proved himself a hero by rescuing a companion from a watery grave. He received great applause by the people at the beach when the news of his daring deed was reported. The event attracted a large crowd and at first it was supposed that the rescued man was dead.

RANDLETT INQUEST

At Peterboro Brings Out Startling Testimony

Money Was Taken From Randlett's Clothing Soon After His Death — Doctor Got Medical Training in 12 Days

The death of Arthur N. Randlett, Canadian agent for the J. C. Ayer Company of this city, is creating a great deal of interest in that section of Canada where the young man died. Arthur N. Randlett was a model young man and it was news to his friends when they learned that he had subjected himself to a Christian Science treatment. It was in Peterborough, Ontario, that Randlett died, and the Canadian press have reported the hearings on his death, so fully that it has aroused great interest in Canada. Arthur Randlett died at the home of a Christian Science healer, named Robert J. Todd, and the latter has defended himself with a great show of spirit.

The first hearing on the death of Randlett was held in the city council chamber in Peterborough, last Wednesday night, and, according to the Evening Examiner of that city, the place was crowded with citizens, many of whom were Christian Scientists. Great excitement prevailed when Mr. Todd practically defied the coroner to consult him in jail for not answering questions. Some such remarks were greeted with hand clapping, and P. C. Newhall, one of the judges, had to warn the crowd to keep quiet. The next hearing will be held on the 15th of September.

The story of the hearing, as told by witnesses, is printed in the Evening Examiner as follows:

THE TESTIMONY

Dr. Boucher, representing the crown, said that he had made an autopsy, assisted by Dr. Marshall. It showed that the deceased had died from hemorrhage of the bowels as a complication of typhoid fever. It was, he would say, a fairly severe attack of the disease. He thought that Randlett's chances of recovery with proper treatment would have been very good. There was a phase of the disease called walking typhoid, the patient being able to be up and move around. Nothing had been said to him about deceased's belongings.

To Mr. Todd, witness said that he had never heard of any disturbances about his (Mr. Todd's) house.

"You go on," said Dr. Boucher, "and treat in your peculiar way cases that you shouldn't treat, and then come to me or some other physician, when death is near, and try to get out of it by getting a certificate of death." He had considered it his duty to report the case, he said. He did not think he could have saved the patient if he had been called on more ahead. The man's chances would have been a great deal better had he been properly treated. He could swear that medicine was a hoax.

Mr. Todd questioned him as to what book of medicine he had read, "Have you '400 Years of Medicine' in your library?" he asked. He then wanted to quote from Dr. Benjamin Rush, but was stopped by Mr. Wood, who said he wouldn't be allowed to state it as an authority. He wanted to show that medicine had killed more than war, pestilence or famine.

"That's not true," said the coroner. "All medical men know that."

Dr. Marshall, called as a witness, said that he had assisted Dr. Boucher in the post-mortem examination and agreed with Dr. Boucher that Randlett died of hemorrhage as the result of typhoid fever, and also with the answers given by Dr. Boucher. He had had experience with typhoid, and had practiced nine years, having had hospital experience.

Mr. J. J. Todd, asked as to his occupation before he commenced Christian Science work, said he was a carriage builder and general blacksmith. He had gone through a course of Christian Science treatment for 12 days. He was fit then, he said to take up a case and heal in half an hour afterwards.

"Where you tried, if you had been called upon at that time, to treat a case of this kind?" The witness refused to answer, the

coroner and said that he wanted him to answer the question.

Mr. Todd, witness said that he had never heard of any disturbances about his (Mr. Todd's) house.

"You go on," said Dr. Boucher, "and treat in your peculiar way cases that you shouldn't treat, and then come to me or some other physician, when death is near, and try to get out of it by getting a certificate of death." He had considered it his duty to report the case, he said. He did not think he could have saved the patient if he had been called on more ahead. He then wanted to quote from Dr. Benjamin Rush, but was stopped by Mr. Wood, who said he wouldn't be allowed to state it as an authority. He wanted to show that medicine had killed more than war, pestilence or famine.

"That's not true," said the coroner. "All medical men know that."

Dr. Marshall, called as a witness, said that he had assisted Dr. Boucher in the post-mortem examination and agreed with Dr. B

CUBA'S APPEAL

Asks U. S. to Aid in Stamping Out the Revolution

The Message to Our Government Caused Great Surprise in Washington—Report That the Revolution is Fomented by Americans

HAVANA, Aug. 24.—The Cuban government last night sent an appeal to the United States government at Washington asking for aid in putting down the revolution. Eight machine guns and several troops to man them were asked for. This appeal stamps the Cuban government as unable to cope with the revolution which is spreading rapidly throughout all Cuba. The revolutionists have been told that the United States will be obliged to send troops into Cuba and put down the revolution.

GREAT SURPRISE

CAUSED BY MESSAGE OF THE CUBAN GOVERNMENT.

WASHINGTON, Aug. 24.—The message from the Cuban government requesting the aid of the United States in suppressing the revolution in Cuba caused a tremendous sensation here.

It has been generally claimed that United States citizens are the prime movers in the revolution. The bill calling for the establishment of a supreme court of five judges to sit as a court of appeals and a circuit court of five judges to hold county court sessions in connection with the assistant judges now elected by each county. It leaves in blank the salaries of the judges, and providing that necessary expenses shall be paid by the state, the bill says regarding fees:

THE PRESIDENT

Favors Spelling Reform Movement

OSYSTER BAY, N. Y., Aug. 24.—President Taft has endorsed the Committee on the Spelling Book. The committee, which is headed by the Public Printer, Sullivan, has been authorized to prepare a new spelling book for the government. The president's endorsement of the committee's work is a strong endorsement of the spelling reform movement. The president's endorsement of the committee's work is a strong endorsement of the spelling reform movement.

THE SYSTEM

BROTHER'S STORY

May Free the Accused Man

The case of Thomas J. Morris, who is under arrest on the charge of having murdered his brother, Theodore, will be called in police court tomorrow. The police are satisfied that they have the right man, but they have not the evidence to back up their belief. The man who was held out of court for the murder of his brother, Theodore, will be called in police court tomorrow. The police are satisfied that they have the right man, but they have not the evidence to back up their belief.

AN ARREST MADE

Young Man Was Held in \$200

A few days ago a young man called at a Central street fruit store and ordered a quantity of fruit and vegetables. He told the fruit dealer that he was without money and wanted to be trusted. The fruit dealer said he would give him a credit of \$200.

HELD IN \$10,000

Man Accused of Trying to Bribe Juror

BOSTON, Aug. 24.—The trial of Dr. John Sinclair, charged with causing the death of Mrs. Annie Russell, of Charlestown, by performing an illegal operation, was interrupted in a sensational manner today. A few moments after the jury took their places in the Suffolk county criminal superior court, Alfred M. Greene, a juror, and a woman, a consultation with Judge Harris, at the conclusion of which the jury was locked up in their room and District Attorney John R. Moran was summoned into the judge's private office for a consultation. In the meantime Inspector Michael of the police department went among the spectators in the court room and requested Dr. Walter Clark, a former business associate of Sinclair's, to accompany him to the district attorney's office. A second court officer was summoned to the building which summarizes and in a few moments Dr. Sinclair, who was being examined by members of the district attorney's staff. When Mr. Moran left Judge Harris' office he declined to discuss the sudden interruption of the proceedings further than to say that the court would resume its session at 2 o'clock.

In the corridors of the court building there were numerous rumors of various sorts but no official statement could be secured. It was considered a certainty, however, that an arrest would probably be made during the afternoon.

When the court resumed its session at 2 o'clock, a short District Attorney Joseph Dennis read a statement to the court in which he said that while the case of the commonwealth against Dr. Sinclair was pending two persons approached one of the jurors, namely Alfred M. Greene, one of the parties being a witness for the commonwealth in that case, and requested Greene to hold out against the commonwealth in behalf of said Sinclair. Greene was offered \$25,000 provided he held out against the commonwealth in favor of said Sinclair.

WHOLESALE FRAUD

Many Boston Politicians May be Implicated

BOSTON, Aug. 24.—Handwriting experts were called by the district attorney's office today in connection with the investigation into naturalization fraud. It is claimed that United States District Attorney A. P. French has discovered recently that the naturalization

SEVERAL PERSONS KILLED

DETROIT, AUG. 24.—A BULLETIN TO THE NEWS FROM ST. THOMAS, ONT., REPORTS THAT SEVERAL PERSONS WERE KILLED AND INJURED IN A CANADIAN PACIFIC WRECK THERE TODAY.

as Bounding Elk, a Pawnee brave, and George L. Kennedy as Yellow Hand, a Cheyenne chief. Mr. Ungere also played the role of Tom Custer, the general's brother. The comedy is furnished by Matt Rogers as Buffalo Bill's Cook, and Harry Loring as Herold Eastlake, a hungry tragedian. Mr. Loring's character would be much better if some of the foolishness and horse play were eliminated. The other main characters were all very good, especially a band of Sioux Indians who performed in creditable style.

The principal female role, that of Louise Ramsey, an Eastern belle with whom Buffalo Bill is in love, was played by Miss Dorothy M. Lyons. She had a style in her acting that won her instant favor with the audience. Others whose efforts were noteworthy are Margaret Nelson, Fanny Abbott, Baby Frances Abbott.

"Custer's Last Fight" will be the attraction today and tomorrow with matinees each day.

REFORM IS URGED

ST. ALBANS, Vt., Aug. 24.—A reorganization of the judicial system of Vermont is recommended in the report, just completed, of the committee of the Vermont State Bar Association appointed by President Henry Powers at the annual meeting in October last to consider this matter. The committee has framed its report in the form of a bill to be introduced at the next session of the legislature. A feature of this bill is the fact that it provides that no fees shall be demanded or received by any judges. The bill calls for the establishment of a supreme court of five judges to sit as a court of appeals and a circuit court of five judges to hold county court sessions in connection with the assistant judges now elected by each county. It leaves in blank the salaries of the judges, and providing that necessary expenses shall be paid by the state, the bill says regarding fees:

"No judge shall demand or receive fees for official services performed by him either as judge or chancellor."

Under the present system the supreme court consists of a chief justice and six assistant judges. These judges also preside over the county courts, with the aid of two assistant county judges elected by each county. In addition, there is a court of claims consisting of three judges. The committee of the bar association which prepared the new bill is composed of Alfred A. Hall of St. Albans; J. B. Cushman of Burlington; John H. Senter of Montpelier; W. B. Stickney of Bethel; T. W. Moloney of Rutland; Clark C. Ellis of Brattleboro; and John Young of Newport. Mr. Ellis is attorney-general of Vermont.

MAJOR GREELEY

WASHINGTON, Aug. 24.—The report of Major General Greeley, commanding the department of the Pacific, criticizing the present arrangement of divisions and departments in the army, has caused considerable discussion in the war department, and officers are wondering what will be the effect when congress takes up the subject again. It is said that the report emphasizes the point several times made that with six major generals of the line and fifteen brigadier generals of the line, great difficulty is found in finding places for them commensurate with their rank. One reason for creating four divisions was to give places for major generals, the departments being commanded by brigadiers. General Greeley makes it appear that there is no necessity for such dual commands as the departments now report direct to the war department and the division commanders do not know what has been done. It is also said that extra staff officers are required which might well be dispensed with should the old department method be recommended. Under present conditions there are two major generals stationed at Governor's Island. There is a major general and a brigadier general at San Francisco. Naturally it seems that the duties are not such as to require two general officers at one place with a full set of officers as are attached to every division and department. There is an intimation that the Greeley report may suggest some changes in the present army organization.

BOY KILLED

WHILE TRYING TO WARN FELLOW WORKMEN.

BARRINGTON, R. I., Aug. 24.—While running down a spur track in front of an on-coming dozen freight cars to warn his fellow workmen, Vincent Blanch, 14 years old, was overtaken by the train and ground beneath the wheels. The accident occurred this morning in the yards of the New England Steel & Brick company's works here. The lad ran down the track to warn the men where the five men were working shouting a warning to get out of the way of the cars, which were sure to strike a "runaway" lying across the track. The boy was unable to get from between the track and "runaway." The cars struck him and ground his body under the rails and sleepers.

WENT TO LEWISTON.

PROVIDENCE, R. I., Aug. 24.—About 60 members of the Palace Temple Noble Mystic Shrine left here today on a two days' visit to the Karo lodge in Lewiston, Me.

Wall Paper

NEW BEDFORD, Mass., Aug. 24.—The Portuguese steamer Peninsula, bound from New York to Lisbon via the western islands, struck the same rock here last evening as did the cruiser Brooklyn in 1902. The steamer put back to quarantine for thorough examination although in a hasty inspection early last evening it could not be found that she was making any water. If her hull was not strained she will clear tonight.

STRUCK A ROCK.

The steamer left quarantine last yesterday afternoon and was clear weather although low tide when she scraped the rock.

LOWELL COUNCIL

WILL BE GUESTS OF NASHUA K. OF C.

The members of Lowell Council, K. of C., will be the guests of Nashua Council next Sunday. The Lowell party will go to Nashua on the Governor Allen.

PERSONALS

Mr. Michael A. Lee and his daughter, Miss Mabel M. Lee, are to start next week for Chester, Pennsylvania, where they are to visit Mr. Lee's brother, Mr. John J. Lee, formerly a printer in the Merrimack. They will also visit Mr. Lee's cousin, Rev. John J. Lee of St. John's college, Brooklyn, N. Y. They will take in the night at Conny Island and Manhattan beach and will spend some time in Philadelphia. Miss Lee has an engagement to sing at a concert in Chester after her arrival there.

Albert O'Hair, the Merrimack square furniture dealer, is home from Northboro, Vt., where he spent two weeks

WAS FINED \$15

For Disorderly Conduct on Electric Car

Walter Precious, 23, was arrested in North Chelmsford last night and was arraigned in police court today on a charge of disorderly conduct on an electric car. He was fined \$15.

Inspector Walsh this afternoon introduced a new manner of arresting a suspected man. The latter was riding a bicycle in the vicinity of the hearing house of the Board of corporation and Inspector Walsh who happened to pass, taking up the bicycle's handle, decided that he would be better off by the police station. The cyclist who had one leg clutched at his hip was sitting on a door step with his legs bent and before he could hide away Inspector Walsh took his bicycle from him thus compelling him to remain seated on the step while he was taken to the police station. A call for the warrant.

WAS STRUCK DEAD

Man Passed Away in Wife's Arms

MALDEN, O., Aug. 24.—While taking down a carpet and talking of a happy future with his wife and baby in their new home late yesterday afternoon, Houswer Denman, aged 22 years, residing near Larue, was paralyzed by a thunderbolt which descended from the chimney. Mrs. Denman and the baby were knocked down by the same bolt.

"For God's sake, little girl, save me if you can," gasped Denman to his wife. She struggled to her feet and crossed the room with the child toddling behind her. With a supreme effort the brave woman raised her

WAITERS ESCAPE AN OPEN LETTER

Bad Fire at Rocky Point Cong. Ames to Lowell Daily Mail

PROVIDENCE, R. I., Aug. 24.—The worst fire that has visited Rocky Point, a shore resort, since the conflagration 25 years ago, which wiped the place out, started early this morning and before the flames were under control the baseball grandstand and fence which surrounded the field where all the Providence Eastern League Sunday games are played was totally destroyed together with a large wooden laundry and the famous bake house were leveled to the ground. The score of more of waiters who are quartered on the upper floor of the laundry building were in bed when the alarm was given. All managed to escape from the burning building.

The level ground on the baseball field was trampled into and the falling timbers of the grandstand filled the upper part of the field with debris.

THE COPPER MARKET.
BOSTON, Aug. 24.—The local copper market was strong in the early dealings today with an increased volume of trading. There were a large number of good buying orders in evidence. Amalgamated and Copper Range were the features. New York was a large buyer of Amalgamated. Franklin was the feature of the local copper, advancing to 15 1/2 up 1.

TYPHOID FEVER

EPIDEMIC CAUSED BY DEAD BIRDS

THREE OAKS, ME., Aug. 23.—The cause of an epidemic of typhoid fever among the two inhabitants of this place was discovered yesterday when a member of the Board of Health, climbed in the top of the water works steeple and found the dead bodies of several thousand young sparrows in various stages of decomposition covering the surface of the water.

Hundreds of sparrows nests have been built on a ledge that runs around the summit of the steeple, and the young birds are supposed to have fallen into the unwevered steeple while trying to fly.

NEW COMET

HAS BEEN DISCOVERED BY PROF. KOPPE

CAMBRIDGE, Mass., Aug. 24.—A comet has been received at the Harvard college observatory from Prof. Kreutz at the Kiel observatory, announcing that a comet, visible through a small telescope, was discovered by Prof. Koppe, at Heidelberg university, Aug. 22. 571. Greenwich mean time (Wednesday evening, eastern standard time) in right ascension 22 hours, 12 minutes, 52 seconds and declination plus ten degrees, 23 minutes. The daily motion in right ascension was given as minus six minutes, 44 seconds and declination plus ten minutes and two seconds.

FREE CONSULTATION

DR. TEMPLE and associates will give consultation until Sept. 1, free of charge. All those who are sick are invited to take advantage of this offer and learn their true physical condition.

DR. HE HAS RESIGNED

Charges Made Against Missing Minister

FALL RIVER, Aug. 24.—The Rev. W. W. Wheeler, minister of the First Baptist church, has resigned his position. The resignation was made known to the board of directors of the church yesterday afternoon. The resignation was made known to the board of directors of the church yesterday afternoon. The resignation was made known to the board of directors of the church yesterday afternoon.

REV. FRANK W. WHEELER

Wheeler, who was minister of the First Baptist church, has resigned his position. The resignation was made known to the board of directors of the church yesterday afternoon. The resignation was made known to the board of directors of the church yesterday afternoon. The resignation was made known to the board of directors of the church yesterday afternoon.

GOLD BOND

WAS STOLEN FROM POSTMASTER OF CANTON, MASS.

NEW YORK, Aug. 24.—The police announced that the \$1000 United States gold bond which was found in the possession of Harry Clark, who was arrested in the Bowery yesterday afternoon, was stolen from from Louis A. Billings, postmaster of Canton, Mass.

THE MANCHURIA

IS BELIEVED TO BE SAFE FROM DANGER

HONOLULU, Aug. 24.—1:30 p. m. The wrecked steamer Manchuria, heavily loaded with cargo, was sighted yesterday afternoon by a ship in the Pacific. The ship is believed to be safe from danger.

ADMIRAL TRAIN'S BODY

SEATTLE, Wash., Aug. 24.—The body of Admiral Prince, who died at sea, was found yesterday by a ship in the Pacific. The body is believed to be safe from danger.

FUND FOR SUFFERERS

TOPEKA, Kas., Aug. 24.—As president of the Kansas branch of the Red Cross society, Gov. E. W. Hoek has issued a statement authorizing the vice-presidents of the branch in every county in the state to raise a fund for a fund to be raised for the relief of the Chinese earthquake sufferers.

RACE FOR QUINCY CUP

MANCHESTER, Mass., Aug. 24.—The results of the two races already sailed for the Quincy cup caused considerable speculation at the club house today before the third race for the trophy at present held by the local club and being defended by the Manchester, was started. All four of the skippers seemed unanimous in their desire for a good breeze for the day's sport, something which until yesterday has been lacking for the small boats during the past two weeks. Whether the Windmill Kid would be able to secure a second victory today after her speedy work of yesterday, or whether the Manchester would once more lead the fleet across the finish line, led to much comment among those assembled on the clubhouse piazza during the forenoon.

TWO MORE SHOCKS

In Valparaiso--150 Robbers Shot Down

VALPARAISO, Aug. 24.—The earthquake which struck Valparaiso, Chile, on August 13, was followed by two more shocks today. The first shock occurred at 10:15 a. m. and the second at 11:15 a. m. Both shocks were felt throughout the city.

5000 DEPOSITORS

WILL RECEIVE A 70 PER CENT DIVIDEND

CHICAGO, Aug. 24.—The directors of the Chicago National bank have declared a 70 per cent dividend on the deposits of the bank. The dividend will be paid to the depositors on September 1st.

EDWARD AMES

CHOSEN HEAD OF COMMISSION OF VETERANS

PHOENIX, Ill., Aug. 24.—The national convention of the Sons of Veterans closed yesterday with the election of officers and the selection of Edward Ames as the next meeting place. Edward Ames of Chicago was elected president of the convention.

10,000 WORKMEN

ARE CLEANING UP THE RUINS IN VALPARAISO

VALPARAISO, Aug. 24.—Delayed in transmission. About ten thousand workmen are employed in cleaning up the ruins left by the earthquake in Valparaiso, Chile.

BRIDGE FELL IN

Nine Persons Thrown Into River

GREAT BARRINGTON, Aug. 24.—Nine persons were thrown into the river today when a bridge collapsed. The bridge was carrying a load of lumber and the weight caused it to give way.

NO CHANGE

MILES AT HUMPHREY FALLS STILL CLOSED

HUMPHREY FALLS, Me., Aug. 24.—The mill of the Continental Paper Bag Co. remained closed today. The strike of the 20 girls and early in the day there had been no change in the situation from yesterday when work was suspended. Tactics of the strikers, who were forced to vacate the company's two boarding houses last night, were planned to return to their homes at Fall River, Mass., today if a settlement was not reached. Some of the strikers already have left town. The girls held a meeting this forenoon at which the situation was discussed and plans discussed. Superintendent Theodore Hillyard stated that the strike of the girls had been going on for some time.

FOUR ARRESTED

On Charge of Holding up Messenger Boy

PAWTUCKET, R. I., Aug. 24.—Two of the three men who knocked down Arthur Greene, a 15-year-old messenger boy, as he was returning from the Federal National bank in North Attleboro with \$2000, the weekly pay roll of the G. K. Webster company, Wednesday morning, today captured by the police of this city. The boys, Henry, 16, and Sweet, 15, both of whom were arrested today, were charged with holding up the messenger boy.

TENNIS MATCH

Some Clever Play in Today's Games

NEWPORT, R. I., Aug. 24.—Early arrivals at the Casino today had plenty of chances for speculation regarding the probable winners of the eight matches scheduled to the day in the all-america tournament of the national lawn tennis championships.

The list included 16 of perhaps the strongest players in the country, well watered from sections in both the east and the west.

Providence was particularly well represented in J. E. Jones, E. T. Gross and J. O. Ames, although the two former players were matched for one of the day's events.

Providence had also four men left in the tournament when play began—W. E. Phipps, E. W. Leonard, L. C. Wright and A. Williams, while the New York contingent was represented by Alexander, Rohr, Leroy, Little and Hackett.

W. J. Chubb and P. B. Hawke upheld the Philadelphia end of the game, while from the Pacific came a strong player in A. C. Wray of Los Angeles.

The most interesting match on the day's card was the L. C. Wright-Leroy affair. Both are young, active players and a particularly keen contest was looked for by close followers of the sport.

Of the eight matches the Wright-Leroy had the most class as far as rating of the men went, and it got the attention of the first set was not very interesting, neither man showing in very good form. Wright was more untidy than Leroy and it looked as though he was to lose a set at love.

Leroy led to 4-0, 4-1 and 5-1 and then Wright held him for three games. Leroy's card was won, coming from having to go through a device set but with a remarkable pull up in the tenth game from love 6-6, got the game, and the set 6-4.

Leroy continued his good game in the second set, but he had a harder time making the win. The play suffered from the effects of real play, were frequent. Service counted for but one set until Wright tripped him in the ninth and Leroy after a tussle won his 5 in the tenth.

Sharply and better played was the third set and Wright stopped Leroy just in the nick of time. The sixth game was the critical one, Leroy losing his service in it and with successive games, Wright who was playing steadily ran out the set, 6-4, and had a chance.

With the fourth set gone to Wright his ultimate win was practically assured. He forgot the changing, giving him a few more little chances for his cross court shots, and worked to his weaknesses repeatedly. Wright won the set 6-4, and the match, 4-6, 6-3, 6-2, 6-3.

Hackett beat Stillman, 6-3, 6-3, 5-6, 6-2.

Little beat Wray, 6-4, 6-1, 6-0.

Chubb beat Hawk, 6-3, 6-2, 8-6.

Alexander beat Ames, 6-3, 8-6, 6-0.

Wright beat Leroy, 6-4, 4-6, 6-3, 6-3, 6-2.

Rohr beat Page, 6-0, 6-3, 6-2.

Jones beat Gross, 6-3, 6-1, 6-2.

Wright's superior condition told in his win of the fourth set a win that he had even with Leroy and made the fifth set necessary. Leroy never got the upper hand in the set, Wright having the jump all the way from 2-1 and 3-2, and after three all running the set out.

HE MAY DIE

JOHN CASSIDY SHOT WHILE HE WAS MILKING.

RUTLAND, Vt., Aug. 24.—Word was received here today of the mysterious shooting of John Cassidy, while he was milking in his barn last evening, in Chittenden. Daniel Barnard, a neighbor, is alleged to be the assassin, but the police were unable to locate him during the first half of the day. No reason for the shooting is known. Cassidy is in a serious condition.

STENSLAND

WAS SEEN IN LONDON ON AUGUST 10.

MADISON, Wis., Aug. 24.—That Paul O. Stensland, the missing president of the Milwaukee Avenue state bank of Chicago was in London Aug. 10 is the statement made in a letter from the English capital, received today by Madison relatives of Paul O. Stensland, a former Chicago newspaper man.

THE ENNELL STREET SCHOOL BUILDING.

ENNELL ST. SCHOOL

Now Almost Ready for Occupancy

It is Admirably Equipped and Has Many Conveniences Not Found in Any Other School

The Frederic T. Greenhalge school in Ennell street is now almost ready for occupancy, as the workmen are putting on the finishing touches in order that it may be ready for the opening of the school term, Monday, Sept. 10th. The school will have grammar grades, there being four primary rooms and six grammar. It was built in order to relieve the Curran and Lakeview avenue schools. The building is a very valuable addition to the public buildings in this city and a credit to the architect, builders, and Supt. John J. O'Connor of the land and buildings department, who really had a general charge of the work. The total cost of construction and furnishing will be in the vicinity of \$65,000.

Work was commenced on the building last fall and but for the difficulty in getting lumber in the spring, it would have been finished months ago. Mr. O'Connor is now having some difficulties with the Munson Slate Co. in securing blackboards.

The building itself is located at the corner of Ennell and Victoria streets and in the place where it will do the most good, it being easy of access from any part of West Centralville. The building is of brick, cemented in the Old English style, and trimmed with granite. Unlike the other school buildings with the exception of the High School annex the new school has a flat roof. The rooms are well lighted and ventilated and while a lawn will be laid out in the front of the building, on either side and in the rear of the building is room for a fine playground.

On the top floor is the front of the building is the assembly hall. This spacious room where the exercises and entertainments will be held is 33 feet, 1 inch long and 14 feet wide. The platform is 14 feet wide and 15 feet deep, and raised about four feet. Numerous windows dot three sides of the assembly hall, the light being perfect. The hall is finished in North Carolina pine. The wainscoting is of oak, and the remainder of the walls, up to the ceiling are plastered. In three or four years they will be painted, but it is not thought advisable until the building settles to go ahead with the work.

From the assembly hall as well as the other school rooms on the second floor there are three spacious exits, one on either side of the main corridor going to the floor below, while the main hallway is 11 feet wide and leads to the door in the rear of the building.

On the right of the corridor on the second floor is a room which will be known as the girls' emergency hospital. It is fitted with toilet and lavatory and a couch will be placed there, and in case any of the girl pupils is taken suddenly ill she can be taken to this room, which is in a similar manner, is known as the boys' emergency room.

On the same floor is a room for the teachers. Four school rooms occupy the remainder of the second floor. The rooms are 26 by 32 feet with fine ventilation and light. Blackboards occupy three sides of the room and the interior finish is of North Carolina pine, green burlap wainscoting and plastered walls.

One of the peculiarities of the entire building, but which at the same time is of great advantage, is that every door is hinged plain, there being no panels, the moulding and work is rounded so as not to collect the dust and the bottom of the wainscoting is rounded so that dust and dirt cannot accumulate in the corners or crevices of the floor.

In each of the rooms is a closet for the teacher as well as a supply closet. Two doors open from each school room into the hall, one door for the boys and the other for the girls. Steam pipes underneath the wainscoting dry or snowy weather, while there is also a receptacle for rubber and umbrellas.

On the first floor there are six school rooms. To the left of the main entrance is the principal's room while on the right is the teachers' room. Adjacent one of the school rooms is a supply room which is filled with bookcases, drawers and closets where books and supplies can be stored, making it one of the finest rooms of its kind in the city.

Entering from the front door a person steps into a wide and spacious vestibule for the girls, and on either side of the entrance are two foot lockers. In the vestibule when the children enter the building with cold feet all they have to do is to stand over the lockers to have their feet warmed. There are four exits from the first floor, one being through the front door, another through the rear and one on either side.

In the basement is a spacious playground for the girls, and adjoining the playground is a sanitary room, twenty closets. At the other end of the building is the boys' playground and this is adjoined by sanitary. The janitor also has a room in the basement.

The remainder of the basement is taken up by the boiler and fan rooms used for the heating and ventilation of the building. Both the heating and ventilating of this school is thoroughly up to date in every particular, it being equipped with direct and indirect heating.

Yesterday when a representative of the Sun went through the building he found a gang of men at work assembling the seats and desks, while a few painters were putting on finishing touches here and there, men were grading the grounds about the building and the firemen had steam up and were inspecting the radiators, etc., for any leaks or trouble.

There has been a slight hitch of late over the supplying of blackboards and at the present time but four of the rooms are supplied with boards. The boards were ordered the first of March of this year from the Munson Slate Co. with quarries in Maine. When the earthquake occurred in San Francisco

however, the shock was felt in the state prison in Maine and it caused a slide which buried the company's machinery, owing to this unforeseen happening the blackboards have been late in arriving.

Taken as a whole the building is a credit to the city as well as Supt. O'Connor and the contractors who worked on the job.

The following is a list of the contractors who assisted in the construction and fitting out:

Architect—Harry P. Graves.
Foundation and cement cellar—Cyrus Barton.
Brick work—Patrick Conlin.
Plumbing—Matthews Connors.
Carpeting—Lowell Wall Paper Co.
Carpenter work—William H. Penn.
Heating and ventilating—Farrell & Condon.
Plumbing—T. Costello Co.
Galvanized casings—Daniel Cusling & Son.
Gravel roof—S. H. Weaver.
Electric wiring and fixtures—Tucker & Parker.
Painting—City employees.
Iron work—Arthur Knapp.
Furniture—American School Seating Co.
Blackboards—Munson Slate Co.

CANOE LAKE THEATRE.

The season at Canoe Lake Park is drawing to a close. The opera company gives its last performance in the theatre Labor day. During the week of July 30th one of the lightest musical comedies of the season, "Run, Hide, and Seek," was presented. It was a grand success, playing to crowded houses throughout the week, and it is possible the company would have continued it for another week; they have, however, decided to bill it for the closing week, beginning Monday next, and without question it will receive a heartier reception than before, for it is an unusually good show. It is full of catchy tunes, the dialogue is bright, the situations exceedingly funny, and is sure to keep the audience in cheerful mood. The cast will be stronger than ever, and the chorus, made up of notions of the south sea islands, forms one of the most fascinating features of the play. The play will be produced every afternoon and evening during the week and on Labor day, which will be the official closing of the season at Canoe Lake Park, as far as the opera company is concerned. The cast of characters is arranged to bring out as strongly as possible all the comical situations and the rare specialties that are interspersed.

SOCIAL AND FRATERNAL

The 104th Men met in regular session last night and the attendance was made that the annual meeting of the Past Sargeants' association would be held in Boston next Thursday night prior to the session of the grand council on Friday. Degree work and follow the meeting. Official jewels were distributed to the delegates to the great council session.

The regular meeting of Lowell lodge Ancient Order of United Workmen was held Wednesday night and consisted of business of importance was transacted. The special committee on constitution was present and Past Master Workman E. M. Hill, chairman of the committee, was called upon to render a report. The report was encouraging and was adopted.

PROF. WONERLIN APPOINTED.

NEW HAVEN, Conn., Aug. 25.—The appointment for the young year of Prof. Wonerlin of the University of Berlin as lecturer during the last two weeks of October on "Recent Developments in German Thought" was announced yesterday. Dr. Wonerlin is considered to be one of the most brilliant younger lecturers connected with the University of Berlin and had written largely on theological and philosophical subjects.

If you want help at home, or in your business, try The Sun "Want" column.

C. F. KEYES, Auctioneer

Real Estate, Public Auction and Private Sales

Office, 52 Central St., Harrington Building, Lowell, Mass.

Open Every Evening. Telephone 1485.

Monday, August 27th, at 5 o'clock

ON THIS DATE I WILL MAKE SALE OF AN EXCEPTIONALLY FINE CENTRALLY LOCATED HOME PROPERTY, SITUATED AT NO. 47 KIRK STREET. THIS PARCEL CONSISTS OF THE CENTRE PORTION OF THE BUILDINGS BETWEEN PAIGE STREET AND THE AVENUE SOUTH OF PAIGE STREET, ON KIRK. THE BUILDING IS A TWO AND ONE-HALF STORY BRICK STRUCTURE WITH LARGE BAY WINDOWS; THE ENTIRE FRONT BEING FACED BRICK OF FIRST QUALITY. THE REAR ENTRANCE IS MADE FROM PAIGE STREET. THE LOT CONTAINS ABOUT 2000 SQUARE FEET.

The house consists of 10 rooms, bath, pantry, wash room and large back shed. On the first floor, there is a good sized vestibule, hallway and double parlors with folding doors, with marble mantels in each, dining room which has a separate entrance from hallway, open fireplace and china closet built in, good sized kitchen, pantry, wash room and shed on this floor. The second floor consists of three chambers, and a bath; the third floor consists of three chambers. It is very high studded, the rooms are airy and well lighted, has a fine steam plant with nine radiators; it is in very good condition and with little expended would rent for \$45 a month in this location. The sale will be absolute on the premises regardless of the weather, at the hour advertised. The house will be open for inspection on and after 9 o'clock, on day of sale.

Terms: \$500 to be paid to the auctioneer as soon as struck off.

C. F. KEYES, Auctioneer.

JAMES E. O'DONNELL, Attorney.

Saturday, September 1, 1906, at 2.30 p. m.

I SHALL OFFER FOR SALE ON THE PREMISES, REGARDLESS OF THE WEATHER OR CONDITIONS, TWO CORNER LOTS ON CHELMSFORD AND JAMES STREETS.

The first lot is located on the easterly side of Chelmsford street and the southerly side of James street, with a frontage of 50 feet on Chelmsford street and 200 feet on James street, and contains about 10,000 square feet. The second lot is located on the easterly side of Chelmsford street and the southerly side of James street, with a frontage of about 50 feet on Chelmsford street and about 200 feet on James street, containing about 2,000 square feet. The above two lots have the advantage of being located on the corner of two streets and would make excellent building sites for someone of moderate means, they being located within a few minutes' walk of the Shaw hospital and other industries in that section of the city. The street is paved, has curbs and sewer and all assessments are paid.

Remember the date and the hour of sale, as they will be positively sold for the best bid.

\$50 must be paid on each lot as soon as struck off.

C. F. KEYES in full charge.

Saturday, September 1, 1906, at 3.30 p. m.

I SHALL OFFER FOR SALE ON THE PREMISES, WITHOUT LIMIT OR RESERVE, A SIX-ROOM COTTAGE HOUSE AND ABOUT 4000 SQUARE FEET OF LAND, AT NO. 3 STROMQUIST AVE., CORNER OF BOWDEN STREET.

There are three good rooms on the first floor, and three good sized chambers on the second floor. The cottage is in good condition inside and out and is always rented. The lot which consists of about 1000 square feet has a large frontage on the avenue and Bowden street, is all fenced in, has a few fruit trees, and a number of shrubberies. Now then, this property should interest someone who would like a little home of their own, especially someone who has a taste for a nice little garden. It is but a short distance from the new shoe factory. The purchaser can have a good liberal margin if he so chooses. This property should certainly interest someone who has a little money to make a start for himself. When you are out for a walk, look up this cozy corner.

Terms: \$150 must be paid to the auctioneer as soon as struck off.

Make all inquiries of the auctioneer, who is in full charge.

Saturday, Sept. 1, 1906, at 4.30 p. m.

I HAVE HAD PLACED WITH ME FOR ABSOLUTE SALE AT PUBLIC AUCTION ON THE PREMISES, REGARDLESS OF THE WEATHER OR CONDITIONS, SATURDAY, SEPTEMBER 1, 1906, AT 4.30 O'CLOCK, A COTTAGE HOUSE OF NINE ROOMS AND ABOUT 3500 SQUARE FEET OF LAND AT 778 MOODY STREET, VERY CLOSE TO THE TEXTILE SCHOOL.

The house consists of nine rooms, bath, pantry and an excellent cemented cellar; there is a good-sized hall, parlor, sitting room, dining room with a maple polished floor, large closet built in, a good sized kitchen, an excellent pantry with entrance from dining room and kitchen and a large bath room on the first floor. There are five large airy and well-lighted chambers on the second floor, and front and back stairs. There was a first-class steam plant put in about three years ago; it is lighted throughout by gas, is very conveniently laid out, and will have to be seen on the inside to be appreciated. There is a beautiful piazza, running two-thirds of the way around the house. The windows and doors are screened and storm doors and double windows go with the house. The lot, which is situated on high land, is very level and dry, and is all fenced in; has concrete walks and a nice little garden. The location is all that could be desired; this part of Moody street is macadamized; it has curbs and all city conveniences, electric cars pass the door, and the schoolhouse is within 300 yards. It is but a short walk to many of the large mills. The present owners of this property, built this house for their own convenience and comfort, and no pains or expense were spared to make it what it is, a comfortable and profitable home, which it has been for them, and will certainly prove for someone else. Their only reason for offering this property for sale at the present time is that there is but three in the family, and they feel that the house is much too large for them. They have had several flattering offers to rent, but they thought it best to sell it by public auction. Now this is a grand, good opportunity for a man with a large family, or for someone who wants a safe and solid investment. And they will agree to let a large part of it remain on mortgage at 5 per cent.

Terms: \$250 must be paid to the auctioneer as soon as the property is struck off.

Make all inquiries of C. F. Keyes, who is in full charge.

6 O'CLOCK TOMBS RECORD

Twenty Prisoners are Charged With Homicide

NEW YORK, Aug. 25.—Charged with murder, Guido Montefort, 29 years old, a Sicilian living at 151 Mulberry street, was admitted to the Tombs yesterday, making just an even score of prisoners here now waiting trial for homicide.

It is the largest number held for this crime in years, and the problem of properly managing them, sending articles of food and the like sent to them has grown so that it takes practically all the time of several keepers.

Montefort is accused of murdering a fellow countryman, Salvatore Costello, 26 years old, of 22 Mulberry street. The police gained little or no information leading to the cause of the fight in which Costello was mortally wounded.

Policeman Trefoget, who arrested Montefort, says he saw a crowd of thirty of more men around 82 Mulberry street about 3 o'clock Thursday night. He arrived just in time to see Montefort leap back into the crowd and pass something to one of the men. Then he heard Costello shouting that he had been stabbed and saw him fall.

INJURIES FATAL

MRS. CHASE DIED IN WORCESTER HOSPITAL.

WORCESTER, Mass., Aug. 25.—Mrs. Louise S. Chase, of Cambridge, died in St. Vincent's hospital this morning of injuries received in a collision between a train and an automobile of which she was an occupant, in East Brookfield, Tuesday. Mrs. Chase's husband is in a serious condition. Mrs. Chase was Miss Sarah Butler, of Brookline, N. Y., prior to her marriage six years ago.

MISS SARGENT

BECOMES THE BRIDE OF BARON KNOOP.

MAGNOLIA, Mass., Aug. 25.—Miss Emily Sargent, daughter of Mr. and Mrs. Joseph Sargent of Boston, was married at noon today to Baron Ludwig Knop, of Schloss-Muhlenthal, Germany.

The wedding ceremony was performed by Rev. N. M. Spaulding, at the Sargent summer home on the North Shore. Baron Knop and his bride will spend the winter in England after which they will reside in Schloss-Muhlenthal.

OFFICERS OF ROYAL CLAN.

PROVIDENCE, R. I., Aug. 25.—A reception was tendered to Royal Chief W. H. Steen of Providence, Royal Secretary Foster, of Boston, and Royal Counselor John J. O'Brien, of Taunton, officers of the Royal Clan, order of Scottish Clans, last evening by the Scots of this city and Pawtucket. The occasion was an official visitation by the superior officers of the order.

COPPER MARKET.

BOSTON, Aug. 25.—The copper market was fairly active today but trading was narrow. The general market was steady and without feature. The market closed generally strong. Boston and Worcester pld. was up $\frac{1}{2}$ to 85. Oceola was up $\frac{1}{2}$ to 112 and North Butte was up $\frac{1}{2}$ to 82.

THE THIEVES GOT ABOUT \$3000

Officers Looking for an Organized Gang

RANDOLPH, Aug. 25.—Following investigation into the burglary of the Randolph postoffice during the early morning hours yesterday, when between \$2000 and \$3000 in cash and stamps were stolen, postoffice inspectors and the town police officers have come to the opinion that the job was the work of a band of yeggmen, and police officials of various large cities, including Boston, have been provided with descriptions of two mysterious men supposed to be members of the gang, who were seen robbing about in the vicinity of the office yesterday.

The police believe that these men were "punks" who came ahead of the burglars to learn the "lay" of the ground and make preparations for flight.

The robbery yesterday morning was evidently the work of someone skilled in the use of ultra-violet light, as only two residents heard the report, and it was not loud enough to cause any suspicion in their minds.

The police department came to Randolph and is working on the case.

THREE YACHTS

HAVE SCORED VICTORIES IN RACES AT MANCHESTER.

MANCHESTER, Mass., Aug. 25.—When the four yachts that have been racing this week for the Quincy challenge cup sailed today in the harbor of West Manchester, three of them, the defending Manchester and the challengers Chevalier VII and Bonadri, had victories to their credit with the fourth boat, the Ark, was still without a leg in the contest. Strangely enough, the Manchester, Chevalier VII, and the Bonadri were all rejected last week by the Eastern Yacht club in the contest for the selection of defenders for the Roosevelt cup which the Ark was one of the three chosen to defend that trophy.

The committee planned to send the yachts over a triangular course today of about 10 miles with each leg a trifle over three miles in length.

THE KAISER

IS NOT LIKELY TO VISIT UNITED STATES.

BERLIN, Aug. 25.—The recent discussions on both sides of the Atlantic on the possibility that Emperor William may visit the United States have not been treated seriously by the German press. Official circles here do not attach importance to the suggestion recently expressed wish to see America. It is admitted that it is one of his long cherished wishes, but it is regarded as practically certain that it will remain only a wish.

CLEARING HOUSE BANKS.

NEW YORK, Aug. 25.—The statement of the clearing house banks for the week shows the banks had \$4,230,000 over the legal reserve requirements. This is a decrease of \$2,811,425 as compared with last week. The statement follows:

Loans, increase \$3,840,466; deposits, increase \$5,700; circulation, increased \$57,000; legal tenders, increased \$308,700; specie, decrease \$3,600,200; surplus reserve, \$4,230,000; decrease \$2,811,425; Ex-1, 8; deposits, \$3,877,600; decrease \$2,768,825.

MISSION FOR DEAF.

SANFORD, Me., Aug. 25.—The annual convention of the Maine Mission for the Deaf opened today and will continue through tomorrow. The annual address of the president, Albert L. Carlisle of Bangor, was read and reports of officers were presented. Much matter of interest to the deaf mutes of the state was discussed.

CUT HER THROAT

WOMAN THEN HANGED HERSELF TO DOOR.

MERIDEN, Conn., Aug. 25.—Mrs. Adian Luckhart cut her throat and then, tying a clothes line around her neck, hanged herself over the door of the bathroom in her house. Death resulted in a few minutes. She had been dependent from ill health. A husband survives.

This is the third suicide in this city this week, the others being men, one taking carbolic acid and the other using a revolver.

R. I. NAVAL MILITIA.

NEWPORT, R. I., Aug. 25.—The Rhode Island battalion of naval militia today went on board the United States cruiser Columbia for the annual course of practice work. The Columbia will steam slowly down the coast to the southern cruising grounds off the cape of the Chesapeake, and will call at Fort Monroe. The battalion will be in charge of much of the work on board the Columbia and will also be engaged in target practice. The men in the battalion come from Providence, East Providence, Bristol and Newport.

MORTALITY

FOR THE WEEK ENDING AUGUST 25, 1906.

Population, 14,890; total deaths, 36; deaths under five, 22; infectious diseases, 2; acute lung diseases, 2; typhoid fever, 1; diphtheria, 1.

Death rates—23.21 against 15.41 and 10.52 for previous two weeks.

Infectious diseases: typhoid, diphtheria, two; cerebro spinal meningitis, one.

TEXANS AROUSED

Incensed at Report to War Dept.

ON TROUBLE WITH NEGROES

No Hostile Act by the People

BROWNSVILLE, Tex., Aug. 25.

The people are much incensed at the report made to the war department regarding the trouble with the negro troops stationed at Fort Brown and have appealed to Senators Culberson and Bailey suggesting that the president appoint a board of inquiry.

In the message they take exception to the trouble being termed an "engagement" and "bath with citizens" by Major Penrose in his report.

The message declares that the disturbance was an assault at the dead of night by soldiers without a hostile act on the part of the people.

Concluding the message says: "The abandonment of Fort Brown will be a verdict against us attained by misrepresentation and do us a great injury, leaving our frontier unprotected."

TWO MEN KILLED

Three Others Injured in a Collision

PITTSBURGH, Aug. 25.—Two trainmen were killed and three injured in a head-on collision of heavy ore trains today near Milltown, on the Bessemer and Lake Erie railroad. The dead are:

FIREMAN BRADY COLE.
FIREMAN A. A. DEEMER.

The trains met on a curve while running thirty miles an hour.

PERSONALS

INSURGENT FORCES

Are Concentrating Near San Juan de Martinez

HAVANA, Aug. 25.—Unofficial advice received from the western part of the province of Pinar del Rio last night are to the effect that the insurgent forces now concentrating west of San Juan de Martinez, are far more formidable and are better supplied for camping and a long and aggressive campaign than had been supposed.

A prominent resident of Havana whose word is beyond question returned this evening from a three days tour in the vicinity of San Juan de Martinez, where he informed the Associated Press that Pinar del Rio now is certainly from 150 to 200 men. He said the idea of his not having sufficient ammunition was ridiculous and that he is abundantly supplied with every possible necessity.

The behavior of his forces is excellent. All the tobacco plantations owned by Americans and other American property are being the American flag, this gentleman declared, and are not being molested. He said the insurgents have eight miles loaded with dynamite and that lately they have received supplies from unknown sources. He positively declared that fully a hundred members of the rural guard had deserted and joined the insurgents since the trouble began and that practically all Cubans in western Cuba were now sympathizers with the movement.

Word has been received here from Santiago that Gen. Jesus Rabl with 200 veterans will come to the Caleta de Ajabo to help put down the insurrection. This, however, is not confirmed.

The government extra expenses since August 1 to have been \$200,000.

The critics of the government privately blame the plans of the government to bring rapid fire guns to the island, asserting that the experiences of the Spaniards with these guns in Cuba proved their uselessness in the field. They admit, however, their value for the protection of cities and highways.

The government it is understood has sent to Texas to buy 200 horses for the army. The government has already bought 500 horses here.

The government has cabled to Gen. Rios Rivera, minister to Central and South American countries, to return immediately to Cuba.

The reported arrest of Orestes Ferrera is denied, but it is admitted that he is under surveillance.

Gen. Jose Miguel Gomez at his formal arraignment yesterday denied the allegation that he had engaged in a conspiracy against the government.

There is no foundation in fact for the rumor in circulation last night that the government has begun negotiations with Pinar Guerra.

More troops will be forwarded to the western districts today.

While the troops were being conveyed by railroad from Pinar del Rio to San Juan de Martinez, ordinary traffic on the railroad was suspended. There has been no interruption of railroad communication by insurgents.

There is a grave doubt as to the force of government troops now at San Juan de Martinez would be able to withstand an attack by the forces of Pinar Guerra. Aside from slight successes in the province of Havana and Santa Clara, nothing of importance has transpired there yesterday. The only report of men, guards and volunteers is on a very slowly in the province of Pinar del Rio. The city council has appropriated \$20,000 for the support of the city militia, of which there are two divisions, the interior and the exterior, under command of Gen. Sanchez Aguirre.

The government expects that the steamer Mexico which will sail from New York on Saturday will bring eighteen rapid fire guns, machine cartridges and 12,000 Lee rifles.

The insurgents have been about from San Juan since early yesterday morning, but no troops have yet occupied the place.

FOUND DYING

WOMAN CUT HER THROAT WITH A RAZOR.

SOUTH FRAMINGHAM, Aug. 25.—In a fit of despondency last night Mrs. Mary J. Hurter, aged 45 years, wife of Charles A. Hurter, a department superintendent of the Dennison company, cut her throat with a razor and died within a few minutes.

The dead was committed to the parlor of the Hurter home, 55 Holly street, about 8:30 o'clock while Mr. Hurter was in an adjoining room talking with an employee. After the caller had departed Mr. Hurter discovered his wife stretched on the floor with her throat cut. The instrument used being her husband's razor. Dr. Raymond, who lives opposite, was summoned, but the woman was beyond human aid.

Aside from her husband she leaves one daughter, 16 years old, and another 11. A pathetic incident of the affair was that the two children, accompanied by an aunt from Foxbury, where they had been visiting returned home just after the tragedy.

RECEIVER APSEY MANY INVITED

Takes Charge of a To the Unveiling of

Chelsea Bank Washington Statue

CHELSEA, Mass., Aug. 25.—Albert S. Apsey, recently appointed receiver for the First National bank of Chelsea, took charge of that institution today. Bank Examiner Alfred Ewer having completed the investigations which he began when the bank was closed two weeks ago.

Receiver Apsey said today that he had not yet decided upon the amount of the assessments which the stockholders of the bank would be asked to pay.

DROPPED DEAD

CLARK WAS AFTER BEING RESCUED FROM DROWNING.

CAPE MAY, N. J., Aug. 25.—Saved from drowning, Clark of Baltimore died of heart disease yesterday under a shower sprinkler at a bath house here. Clark, while bathing in the surf, became exhausted and was rescued with difficulty. He recovered sufficiently to walk to the bath house, where he dropped dead immediately after turning on the shower. Two days ago Clark rescued two women from drowning.

DIED SUDDENLY

GEORGE HARRIS PASSED AWAY IN BANK OFFICES.

BOSTON, Aug. 25.—Death came suddenly yesterday afternoon to the oldest bank employee in Boston, when George W. Harris, ex-cashier of the National bank of Commerce, dropped dead in the offices of the bank at 199 Washington street of heart failure. Mr. Harris seemed to be in his usual health when he arrived at the bank yesterday morning.

BRIDE RAN AWAY

Chinese Wedding Was Broken Up

THE WHITE GIRL FLED

And Best Man Gave Chaso to Her

PAWBUCKET, R. I., Aug. 25. There was a scene of excitement yesterday afternoon on High street, close to the Central Falls line, and what promised to be a wedding, with a Chinaman as the groom and a young Boston girl as the bride, was held up for want of the female star. She disappeared somewhere in Central Falls, where she ran from the foot of the clergyman's residence, while the prospective groom and his best man waited within.

The couple took a drive at the city hall yesterday afternoon, the man giving his name as May 1st of 201 Main street, this city, keeper of a restaurant. His age was 23, his birthplace San Francisco, and the names of his parents were given as May 1st of 201 Main street, this city, keeper of a restaurant. His age was 23, his birthplace San Francisco, and the names of his parents were given as May 1st of 201 Main street, this city, keeper of a restaurant.

After getting their license the couple was directed to the residence of Sherman A. Ross, pastor of the First Methodist church, on High street, and accompanying them was another Chinaman and a white woman supposed to be his wife. He answered to the name of "Charles." The clergyman was not off his throne as he did the woman, the object being to return after the clergyman had come home.

On the second visit the men arrived first and were seated in the parlor, waiting the return of the pastor and the women. The latter arrived about an hour later, but when the wife of the best man proceeded her at the porch the door was closed behind her, and a few moments later she darted off through the street and disappeared. The best man and his wife pursued for a distance and then gave up the chase. They returned excitedly to the residence of the pastor, where they explained the situation. The disappointed clergyman stated that he would find her, and she would have to marry him.

The Chinaman was well dressed and, according to the clergyman, used good English. The clergyman implied that in the event of their returning the ceremony, the bride would be the young woman and so plainly exhibited her unwillingness by taking flight.

PERSONALS

Miss Eva A. Dunn of Canton is visiting her cousin, Miss Gertrude Dunn of 136 Allen avenue.

The Misses Mary, Nellie and Bridget Farrell and Miss Winifred Harrington with Miss Nellie and Miss Jennie Smith have returned from a delightful visit to Lynn, Nahant and Revere beaches.

CHRYSEUIL

Popular Marist. Called to Montreal

TO DIRECT ST.

PIERRE'S COLLEGE

Had Built Up St.

Joseph's College

Rev. Brother Chryseuil, director of St. Joseph's college since its opening in 1892, has been called to another field of labor and will soon leave Lowell to become director of St. Pierre's college in Montreal, one of the foremost educational institutions of the Marist order.

During his 14 years' residence in Lowell Brother Chryseuil has been an indefatigable worker and has built up a school second to none of its kind in New England. He was beloved by all with whom he came in contact and his departure will be heard of with deep regret.

Brother Chryseuil returned yesterday morning from Canada, where together with the other brothers of the Lowell house, he had been making the annual retreat of the order at Lac-Beauport. Accompanying him, besides the Lowell brothers, were Rev. Brother Chryseuil, former director of the Lowell house, and Rev. Brother John Francis, one of the Haverhill directors.

Rev. Brother Pelletier, who has been lately directing the Haverhill house for several years past, took the place of Brother Chryseuil as director of the Lowell house. He has been an instructor in the Lowell school before going to Haverhill.

Rev. Brother Sylvain, who was for many years sub-director, is now in Europe and will not return for several months to come. Rev. Brother Clement Joseph takes his place.

CARD OF THANKS.

We desire to thank our friends and neighbors for their acts of kindness, floral offerings and condoling sympathy in our late sorrow, on the death of our wife and mother, Mrs. Margaret J. Sprunt.

Frank E. Sprunt, Mr. and Mrs. E. K. Marshall, Mr. and Mrs. Chris. M. Handy.

THE Dammers Scientific Method

For glasses you formerly paid other dealers from \$5 to \$10 for including lenses. Gold Seamless Wire Frames, and no charge for examining the eyes.

ONE DAY ONLY, Parlors of American House, Lowell, Monday, Aug. 27. Hours 9 A. M. until 5 P. M.

The exact measurement of your face taken and every frame made to order so the frame will set correctly and not hurt your face.

Any style we manufacture, either blind or blindless.

Your eyes will be examined by THE DAMMERS SCIENTIFIC METHOD, positively the only absolutely correct way to fit glasses.

(NO DROPS USED.) Those who have been examined for GLASSES by men who claim to examine eyes by the old, incorrect way, which is done by everyone who supplies glasses but us, will be agreeably surprised by our scientific and wonderful methods of examining eyes, and fitting glasses.

We correct your eye defects by looking in the eyes, taking the exact scientific measurements of the focus and shape of the eyes.

NO QUESTIONS ASKED, no trying glasses on your face, until we have detected your exact optical error.

The old tradition and treacherous way of trying to fit glasses is either putting drops in the eyes, which often causes BLINDNESS, or by trying on a lot of glasses and asking you "Can you see these letters?" or "Do these glasses make you see better?"

After your Optician does a lot of guessing, and has your eyes all out of shape, you think you have been examined.

Think this over, and you can readily see that you have been doing your own examining, and that is no doubt the reason you have had trouble to get glasses correct.

This is Absolutely the Highest Class Work Done in Fitting Glasses in America.—Don't Suffer With Headache.

We have produced astonishing results from brain fog, nervous debility, insomnia, dizziness, nausea, WATEREYES, blurry vision and other troubles caused by EYE STRAIN. We have corrected by the use of glasses, Cross Eyes and Astigmatism, by our scientific methods of examining.

AN EXPERIENCE covering every detail in the OPTICAL BUSINESS for over a quarter of a century is the continuous record of the great Dammers concern.

Our position in Newark, N. J., and Providence, R. I., as the LEADING EYE-SIGHT SPECIALISTS is proof of the high confidence in our responsibility and the reliability of our representations.

The Edward E. Dammers Co., Inc., 248 Waybasset St., Providence, R. I., 555 Broad St., Newark, N. J.

THE LOWELL SUN

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

JOHN H. HARRINGTON, PROPRIETOR.

Member of the Associated Press.

Three Dollars per Year. Twenty-five Cents per Month

The Sun receives the full day service of THE ASSOCIATED PRESS, the greatest news-gathering organization in the world. The entire service received over a leased wire, by our own operator, in our own office in The Sun building.

SWORN CIRCULATION OF THE SUN

The sworn daily average circulation of The Lowell Sun for the year 1905 was

14,829

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilotte, pressman of The Sun, before me, January 1, 1906.

JOHN J. HOGAN, Notary Public.

This is a larger circulation than the combined circulation of all the other daily papers in Lowell.

An advertisement placed in The Sun is of more value to the advertiser than if it were inserted in all the other newspapers in Lowell, and the cost of inserting it in The Sun is about ONE-THIRD the price charged by the other papers.

STAND PAT SLOGAN.

The stand patters have been supplied with a campaign slogan by President Roosevelt in the phrase "We'll revise the tariff when revision will do more good than harm," but the people who are being plundered by the trusts will see through it.

YET NO CANDIDATE.

Still no democratic candidate for congress in this district. The democrats must be imitating the tactics of Wellington at Waterloo, when he commanded his troops to lie low until the "psychological moment" had arrived and then gave the command "Up boys and at them."

ARRANGE A JOINT DEBATE, GENTLEMEN.

It must be very unsatisfactory to two such willing warriors as Ames and Dunbar to fight at such long range. Gentlemen, why not afford your "con-stituents" the pleasure of seeing you mix matters in a joint debate, or are you afraid of an outcome similar to that of the famous fight of the Kilkenney cats wherein when the combat was ended "excepting their nails and the tips of their tails instead of two cats there weren't any."

In full view of such a possibility, however, we would strongly urge both these gentlemen to arrange a joint debate upon the issues of the controversy—Dunbar and Ames.

A NEW FORM OF GRAFT.

The dispatches from South America announce that "Mrs. Root, wife of the secretary of state, who, with their daughter, Miss Edith Root, is sharing the honors heaped upon the secretary in Rio Janeiro, was presented a collection of rare Brazilian gems by the Jockey club while she and the secretary were attending the races."

For a federal officer to go gallivanting about the world in a government war ship accompanied by his wife and daughter, and receive, or allow members of his family to receive rich presents in this way is not a very good example to the politicians of our sister republics.

FRESH AIR FOR PUBLIC HEALTH.

During the day or during the night, in health or in sickness, in doors or out of doors, at home or abroad, at all times and in all places, see to it that you are surrounded with an abundance of fresh air, fresh air, fresh air.

The above advice is taken from a short article sent to the press last Wednesday by Dr. Charles H. Stowell, relative to the work of the Tuberculosis camp attached to the Lowell General hospital.

The camp has been a great success because it has provided the patients with an abundance of fresh air day and night together with the food and medical treatment necessary for their individual cases. It is reported that some of the cases will go out of the camp completely cured. In October, this is certainly a gratifying result of the fresh air treatment in the new tuberculosis department established through the philanthropy of Frederick Fanning Ayer at the Lowell General hospital.

It would require a camp twenty times as large to care for all the incident cases of tuberculosis in Lowell, but though small, it teaches the people the great curative value of fresh air "at all times and in all places." It will also teach the people who undervalue ventilation to throw open their windows by day and by night and never shut themselves in from the outer air which is better than all the quick remedies and so-called consumptive cures in creation.

But how can the average citizen secure an abundant supply of fresh air at all times? Is it not an impossibility for the mill operatives who may have to work in a room at best but poorly ventilated, but in many cases where the air is laden with the odor of oils, chemicals and the dust or sootage arising from the cotton and the swift motion of the machinery. Is it any wonder that long years of daily service under such conditions will cause lung troubles that may develop into consumption or tuberculosis?

If the average operative were sure of an abundance of fresh air in the home, the case would not be so bad. But how about the homes of the operatives?

Do they enjoy an abundance of fresh pure air? Certainly not. How could they have pure air while we have such public nuisances as the Howe street tannery, the gas leaks complained of around Cross and Suffolk streets, together with other unsanitary conditions that contaminate the air, not to speak of the smoke nuisance, so marked and so stifling in some parts of the city.

It would be well if every property owner in Lowell would endeavor to banish all unsanitary conditions in the environment and to fight against the smoke nuisance in its various forms whether arising from the use of sawdust, leather shavings, soft coal or other material that fills the air with cinders, ashes or foul odors.

Everybody must recognize the excellence of Dr. Stowell's advice; but while realizing its wisdom the average toiler in Lowell is wholly unable to secure the luxury of abundant fresh air at all times as recommended by Dr. Stowell.

And now the question arises has corporation, factory or business firm the right to deprive the adjoining residents of this life saving supply of fresh air?

Has any man the right to contaminate the air that his neighbors must inhale? Has the man who sits at the bedside of a sick child and sees it slowly dying as a result of the contaminated air from an adjacent factory any right to complain?

We hold that he has, and that he is entitled to a supply of fresh air without any contamination that can be prevented by appliances designed for that very purpose. It is safe to say that a very considerable number of the deaths of children and even of older people are due directly or indirectly to this air which they have been compelled to breathe, because of the contamination of the atmosphere by corporations and concerns that set their financial interests above the public health and even the lives of their neighbors.

The people of Lowell are too patient under the injustice they have to endure in some parts of the city as a result of the smoke nuisance and the other sources of air contamination already mentioned.

When they wake up there will be a change but not before.

When they are voting for the next board of aldermen it would be well to test the candidates on these matters. There is no disposition to crowd any corporation that is half decent in its regard for the public; but when any is found disposed to set the public at defiance it is necessary to adopt restrictive measures for the public safety.

THE GOLDEN WEST

Lowell Man Returns From Pacific Coast

MR. I. H. MORSE.

Mr. I. H. Morse Relates His Experience Amid the Ruins of 'Frisco—In the Mines of Colorado and New Mexico—Among the Mormons and on the Nelson-Gans Battlefield

Mr. and Mrs. I. H. Morse of this city, the former being the proprietor of the New Idea shoe store in Merrimack st., returned to Lowell yesterday afternoon after a six weeks tour of the west and the Pacific coast during which they visited all the principal points of interest in the west. Mr. Morse combined business and pleasure on the trip for he is interested in mines in Colorado and New Mexico and the trip included a visit to these mines.

Mr. Morse gives an interesting account of his travels and in his interview with a reporter of The Sun, shows himself to be a most observing and interested as well as interesting tourist. Speaking of his trip, Mr. Morse said: "We left Lowell on the 15th of July and proceeded at once to Denver, Col., for the Elks convention and remained there during the first days. The great thing at Denver has already been fully described and hence I will not mention that part of our trip. From Denver we proceeded to Southern Colorado, where I have an interest in a free milling mine and to New Mexico where I am interested in placer mining. We stopped at Trinidad in New Mexico and at El Paso in Southern Colorado. We found there a new country much of which is just being staked out and the mines give great promise for the future. We also visited the celebrated Portland mine at Cripple Creek discovered by a poor carpenter named Stratton whose heirs recently realized five million dollars for his share in the mine. Eighteen years ago Stratton was a poor carpenter in Colorado Springs and he discovered the mine in that he sold out for half a million. Then he opened the Portland mine and in six years made ten million dollars, but lived only ten years to enjoy his wealth."

ON PIKE'S PEAK.

From Cripple Creek we went to Manitou at the foot of Pike's Peak where the biggest cog-wheel railroad in the world is to be found. We rode on this to the summit. It snowed there on July 24th and there was a snow drift 15 feet high beside the summit house. Leaving Manitou we went to Salt Lake City, one of the most interesting places of the west. We inspected the celebrated Mormon tabernacle and heard the organ supposed to be the largest in the world. We visited the homes of the Mormons and were most hospitably received there. The Mormons put themselves out to show visitors about for they believe that the outside world misunderstands and misjudges them, and are desirous of setting them right.

STAMPED ON THE FACE

of every edition of the Boston Globe is intellectual merit and educational value.

The most expert and exacting attention possible is given to securing the latest news in all departments, interesting fiction, fashion and household notes and the best of modern illustrations for its stories.

Order the Boston Globe regularly of your dealer.

But Salt Lake City is by no means made up of Mormons for there are 27 denominations there, some with most imposing church edifices. For instance the Catholic church is one of the biggest edifices in the city and has a large congregation while the same may be said of the Baptists and Methodists. All kinds of people are settling there of late and the city has a population of 25,000 people with a gain of 500 people a year which isn't bad for a city with a bad name. One of the features of our trip was the salt lake which is five times heavier than the ocean and in which it is impossible to sink. A swallow of the water will siltle one, and if it gets in the eyes it is necessary to wet the fingers and rub the eyes with them at once and remove the salt as it stings greatly. It seems quite amusing to watch the people in the water constantly putting their fingers in their mouths and then rubbing them to their eyes.

IN FAIR LOS ANGELES.

From Salt Lake City we proceeded to Los Angeles, the largest city of the west, and found extraordinary conditions prevailing there. The city beautiful in the extreme and one of Nature's own health spots is fast becoming overgrown and soon there will not be industries enough to furnish a means of livelihood for the inhabitants. Already the stock-raising is beginning to feel a dropping off in business and some are worried as to what the future will bring forth. The population of Los Angeles has doubled itself in two years and in six years it has increased from 55,000 to 230,000. Land boomers have offices on every corner and are selling land in the neighboring country in large quantities and for good prices. Thence we went to Pasadena with its great gardens and oil wells. Here the streets are wet down with oil to lay the dust, a most effective means and vastly superior to water for this purpose. The oil now costs only 25 cents per barrel where it once cost \$1.50 per barrel. One oil well produces 70 barrels per day and there are 10,000 of them in the city. We saw the man who discovered the oil wells and who made five million dollars in 12 years out of them. The oil distributed over the streets keeps the dust laid for one week. While at Pasadena we visited the celebrated orchard farm and the ranch of Lucky Baldwin with its 50,000 acres all cultivated. Lucky Baldwin was 72 years of age before he became wealthy and then when breeding runners has the distinction of winning six consecutive Derby races. At Pasadena we visited the old missions and likewise at Santa Barbara at which place we stopped on our way to San Francisco.

THE RUINS OF 'FRISCO.

Our next stopping place was San Francisco and here we remained in the city of ruins for one week. The scene there beggars description. We stayed at the Jefferson hotel which fronts on Jefferson square, the abiding place of the refugees. We had to sleep in a room with two strangers the first night, the room being divided off by portieres and we paid \$2.50 for the privilege. There are still 10,000 refugees living in Jefferson square and there are 20,000 still camped at Golden Gate. The ruins extend for 16 square miles and are to be seen in all directions. Many of the ruins are being bought and the work of despoiling the remnants of the Palace hotel began while we were in the city. The work of rebuilding is proceeding very slowly and we were given to understand that the insurance companies are responsible for the delay, by not permitting the removal of the debris and the reconstruction of the city. The work of rebuilding is proceeding very slowly and we were given to understand that the insurance companies are responsible for the delay, by not permitting the removal of the debris and the reconstruction of the city. The work of rebuilding is proceeding very slowly and we were given to understand that the insurance companies are responsible for the delay, by not permitting the removal of the debris and the reconstruction of the city.

THE NELSON-GANS FIGHT.

Leaving San Francisco we went to Sacramento and from there to Gold Field, Nevada, where everyone goes wild over the prospect of the Nelson-Gans prize fight which takes place there on the night of Labor Day. Even the women are talking about the fight and it amused my wife greatly to listen to the sweetest faced and most modest appearing women discussing the prospects of the coming battle as intelligently as though they were old sports and with no more concern than if they were talking about the next season's style of hats. The people of San Francisco and Sacramento are much disappointed because the fight was taken away from them while the people of Gold Field are most enthusiastic for they consider that it will give the town a great boom. While at Gold Field I met and talked with "Tex" Richard, the sporting man and miner who put up the \$30,000 to get the fight at Gold Field. He is the biggest man in the town now and he expects that the battle will be a great success financially. The most recent finds of gold have been taken in Nevada and there is a great rush for the place while the miners who have made strikes are feeling east to get capital to enable them to work their claims.

How's Your Hair?

Falls & Burkinshaw Announce That They Have at Last Secured a Cure for Hair Troubles.

We beg to announce to the people of Lowell that we have secured the agency for one of the greatest discoveries of recent years. We refer to the prescription of Sir Ewen Wilson, M.D., England's most successful specialist in diseases of the scalp, who was knighted for his many successes in the treatment of skin and scalp. Upon the death of Dr. Wilson this prescription was secured by an American chemist and is now offered to the public under the name Dr. Wilson's English Life to the Hair. This preparation will grow hair on bald heads, even after all else fails. Unlike other hair preparations it is not sticky or greasy, but gives a live and glossy appearance to the hair. Miss Cornelia Stevens, 6 Smith Avenue, Boston, Mass., says: "Dr. Wilson's English Life to the Hair gave me a magnificent head of hair for me after I was told that I was becoming hopelessly bald. My hair now reaches nearly to my waist and is heavy and glossy. I cannot too highly recommend it." If you are growing bald, troubled with eruptions, dandruff, scabs, or any scalp troubles, try Dr. Wilson's Life to the Hair. Albert Chemical Co., Boston, Mass., proprietors. Sold by Falls & Burkinshaw, 418 Middlesex street, Lowell, Mass. Price 50c.

WOMAN A FANATIC

"Holy Roller" Set Herself on Fire

SAN BERNARDINO, Cal., Aug. 25.—As an excess of religious zeal following the advent of "Holy Rollers" in southern California Mrs. Josephine Burton Young set herself on fire, hoping by the martyrdom of flame to reach the heavenly throne. She drank oil from a lamp, poured oil on her hair and dress, lit a match and soon was writhing in flames. Screaming she

THE MARTELS REMEMBERED BY FRIENDS ON THEIR RETURN.

Mr. and Mrs. Henry Martel returned from Canada Thursday and in the evening were given a fine reception by their friends and neighbors, who were waiting for them at their home, 807 Moody street. During the evening Mr. and Mrs. Martel were presented a very pretty parlor table. Mrs. Avila Sawyer made the presentation speech and Mr. George Abbott extended the good wishes of the party.

BOY RUN OVER SEVERAL ACCIDENTS TREATED AT HOSPITALS.

Leo Daly a boy residing at 15 Chapel street, was run over by a wagon near Fort Hill park yesterday afternoon and was removed in the ambulance to St. John's hospital. Upon examination it was found that he was cut up and bruised considerably.

Kiernan Fallon of 108 Meadowcroft street lacerated his right knee on a knife. He was taken to the Emergency hospital where four stitches were taken in the wound.

Axel Gilman of 102 Fourth avenue received lacerated wounds in the left hand by getting it caught in a saw. Four stitches were taken at the Emergency hospital.

George Robbins of 17 Howe street, was struck in the eye by a flying piece of steel and received lacerated wounds of the right eye. He was cared for at the Emergency hospital.

Hay's Hair Health

Keeps You Looking YOUNG.

"I have used HAY'S HAIR-HEALTH with great success. I feel that I am a new person. I cannot praise it too highly. It will take years of the life of any one. So every young woman is now gray and yet has to use a dye."

CORINE KANE, 510 St. St.

For 20 years HAIR-HEALTH has been a blessing to thousands because it takes off their apparent age. It is a Hair Food, nourishing roots and stimulating sluggish scalp nerves. Gives new life and always restores color and beauty of youth to gray, faded or streaked hair. It's use cannot be detected.
